## No hassle warranty

*No waiting.*

*No shipping charges.*

Our commitment to high-quality products and customer service is demonstrated by our industry exclusive "No Hassle" warranty. In the unlikely event that an Amprobe Test Tool requires warranty service, any of our local dealers are authorized to replace it, on the spot.

(note: \$500 MSLP limit)

# Download Suite Software Solutions

- One unique software solution for multiple applications and devices
- Easy to use interface. Includes a wizard's guide for the user and the most frequently performed tasks
- Automatically detects communication parameters. You specify what device you use and Download Suite does the rest
- Supports downloading data stored in the device's memory, acquiring data while it's being gathered (Virtual Instrument), and programming device\*
- Performs batch downloads to allow for unattended transfer of large datasets
- Many different types of visualizations ensure you will have the most effective way of presenting and analyzing your data
- Synchronized cursors aid finding relationships between measured parameters\*\*
- User-customizable visualization properties help you get the exact results you want
- Directly print your data from visualizations or copy it through a clipboard to include in reports prepared in third party software (e.g. Microsoft® Excel®)\*\*
- Receive FREE software updates automatically
- This unique software is available for download at <http://www.amprobe.com/softwaredownloads.html>

\* Capabilities depend on which Amprobe meter you are using. Check the meter's user manual if you need an additional converter to use your meter with a PC.

\*\* Not all visualizations support this feature.
